First Citizens Begins Construction on their New Wellsboro Office Building

Wellsboro, PA (October 2009)—On Wednesday, October 21, 2009, First Citizens National Bank held a ground-breaking ceremony to mark the start of construction of their new community office building in Wellsboro. The new building will be located on the block bound by East Avenue, Walnut Street and Pearl Street. The project is expected to take 8 to 10 months for completion.

The one-story 4,600 square foot building will house the Wellsboro branch, offices for the Commercial, Trust and Investment business development officers and an easily accessible drive-up banking facility and ATM. The new Wellsboro branch will be similar to the office First Citizens recently constructed in Troy. Residents are invited to visit the existing Wellsboro office on Main Street to view the architect's drawings.

“Our customer base in Wellsboro continues to grow so we’ve designed the building to meet not only our current needs, but our future growth needs as well,” stated Randall E. Black, CEO and President. “The construction of the new offices in both Troy and Wellsboro is a clear sign of our financial strength and our commitment to improve customer service and enhance the communities we serve. We greatly appreciate our customers’ patience and continued loyalty during construction.”

First Citizens National Bank is headquartered in Mansfield, Pennsylvania, and currently operates 17 offices in Tioga, Bradford and Potter Counties in PA, and Alleghany County, NY. For more information on First Citizens National Bank, visit www.firstcitizensbank.com
